This practical and indispensable article—especially for wear where exposed to ice, snow, or slush—was first introdnced by this company several years ago, and its real value **is in being almost indestructible, when proper materials are used in its manufacture,** whilst the cheap, inferior quality, forced on the public by reckless imitators of our patent goods, soon becomes brittle and crumbles to pieces. PREFACE.

The publishers close their labors upon the compilation of the fifty-sixth number of the DIRECTORY OF TROY and vicinity with satisfaction. We have omitted no possible labor or care that would add to the accuracy or completeness of the directory, and we deliver it to our patrons hoping that they will appreciate this in their use of the volume during the coming year. Any defects that may be found to exist, we trust will prove, upon examination, to be due not to any lack of care upon the part of the compilers, but to other causes, some of which are apparent to all, while of many others the public can have no appreciation.

The cheerful manner in which our patrons have accepted the long delayed but now unavoidable advance in the price of the directory has been gratifying. The slight additional cost to each subscriber amounts in the aggregate to a sum only sufficient to compensate the publishers for the enlargement and improvement of the directory of this year.

The figures given below show that the changes from the preceding year have been unusually numerous. The increase in names, street directory, business directory, etc., have added 50 pages to the volume.

A new and much desired map of Cohoes has been prepared and engraved with great care, and is placed for the first time in connection with that department of the directory.

To our patrons and those who have in any way aided us in our work, we return our thanks, and assure them that while their assistance is thus continued, no city in the United States shall have a more faithfully compiled Directory than that of TROY AND VICINITY.

CHANGES MADE IN COMPILING THE DIRECTORY.	Troy and Lans.	W. Troy & G. I.	Cohoes.	Total.
* Names in Directory of 1884	27,003	6,327	6,813	40,143

Changes made in location, etc	8,523	1,680	1,848	12,051
Total number of additions and changes				27,392

* These numbers include 722 in Troy and Lansingburgh, 296 in West Troy and Green Island, and 217 in Cohoes who have died, or removed from these places since the Directory of 1883 was issued. The corresponding numbers in 1883 Directory were, Troy and Lansingburgh, 615; West Troy and Green Island, 222; Cohoes, 261.

Of the 40,143 names contained in this Directory, only 19,073 remain unchanged from the Directory of 1883.

In our issue of the Troy Directory of 1869, the *fortieth* year of its publication, we gave the names of eighty-six persons living in the city whose names appeared in the first volume of 1829, and forty then known to be residing out of the city. Of those who at present reside in the city, are the following: William Barton, David Bristol, John Archibald, William Perkins, Ebenezer Prescott and George Sims, six only. Of those residing in other places and known to be living within a short time since are: John G. Buswell, near Boston; Jefferson Gardner, Lansingburgh; Lemuel H. Tupper, Buffalo, N. Y.; Thaddeus B. Bigelow, Oakland, Cal.; Philip T. Heartt, New Jersey; Abijah Holcomb, Green Island; Isaac J. Merritt, New York; LeRoy Mowry, Greenwich, N. Y.; Amos S. Perry, Brooklyn, N. Y.

It is possible there may be omissions or errors in the lists above, but we think them correct. Any information regarding the early issues can be obtained at the bookstore of Wm. H. Young, where a complete set of Troy Directories can be examined, and any corrections or information for the next edition will be thankfully received.

SESSIONS.

The School Year is forty weeks or four quarters of ten weeks each. Commencing with the third Wednesday in September, closing with the last Wednesday in June. The only vacation is during the Christmas holidays.

The success which has attended the efforts of the Trustees of the Seminary to maintain a day school of the first-class in Troy is assured. The patronage of our citizens is generous, and the scholarship and progress of the pupils satisfactory.

The Institution has recently been more completely equipped for instruction in the physical sciences; and classes in primary branches have been arranged, which offer unusual advantages for young children.

It is confidently asserted that pupils residing at their own homes in Troy have, at the Seminary, means of advanced education equaled by only a few of the best boarding schools and colleges for young ladies in the country.

Instruction in Vocal and Instrumental Music, while not included in the regular course, can be provided for, on application, by competent local teachers.

The school thus affords to the citizens of Troy unexcelled facilities for the thorough and economical education of their daughters, while surrounded by home influence and parental care.

An investigation of the merits of the school is respectfully invited.

For further information apply to, or address,

This Company owns the entire water-power of the Mohawk River at Cohoes, embracing the celebrated Cohoes Falls. Aggregate fall, one hundred and twenty feet, giving nearly ten thousand horse-power. The Company's gate-house and dam are among the finest structures of the kind in the United States.

The canals are so constructed as to give a succession of falls from one canal to another, varying in height from twelve to twenty-five feet. The power is leased by the company, with land for factory building, in perpetuity, at an annual rental of about twenty dollars per horse-power, and considering the locality is the cheapest in the country. It is an unfailing power, and during the past few years, while most of the water-powers in the country have failed for a time, Cohoes has had an abundant supply, without one minute's stoppage. About one-third of this magnificent power is unappropriated, and appurtenant thereto are some of the finest factory sites to be found anywhere.

Cohoes is situated at the confluence of the Mohawk and Hudson Rivers, about four miles from Troy and ten from Albany, and is eligibly located with reference to New York and other markets, and possesses superior advantages for transportation to market, either by river, canal or railroad, having two canals and two railroads running through it. It is a thriving young city of nearly twenty thousand inhabitants, and contains some of the finest cotton and other factories in the United States.

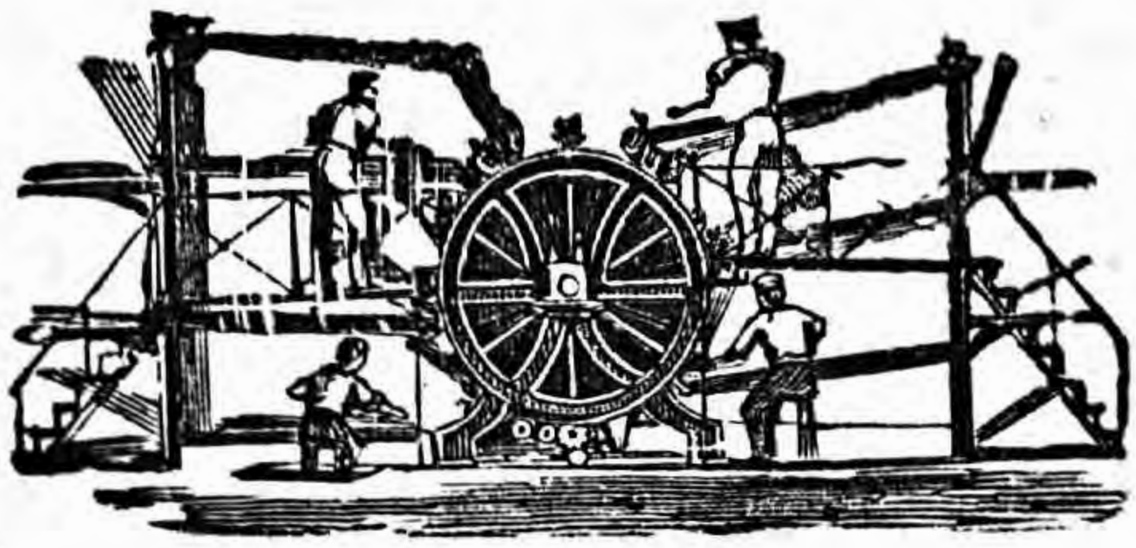
MORNING TELEGRAM.



THE ONLY MORNING PAPER IN THE CITY

Covering the entire field to the North and East of Troy.

The TELEGRAM, like all Morning Papers, is read by the People just before they want to buy, and hence gives advertisers an opportunity of reaching purchasers at a time that no paper issued at any other hour of the day can.

Advertising in a Morning Paper always pays. The TELEGRAM meets all of the in-coming trains, and is read by the out of town purchasers as they are approaching the City, thus making an advertisement in this paper of the greatest value, and one that will repay the advertiser.

THE TROY NORTHERN BUDGET.

Published every Sunday Morning, having a circulation three times that of any paper published in this City, gives Advertisers more Circulation for a given amount of money than any other paper published in Troy, Albany or New York State, outside of New York City.

It is the largest paper in the City and County, being the same size as the large New York Dailies. It covers a field reached by no other single paper. It is read by all classes and by thousands who read no other paper. It is read more thoroughly than any other paper, for Sunday is the great reading day. People have more leisure to read advertisements on Sunday than on any other day, consequently with its large Circulation it presents features to advertisers that no other paper in this vicinity can.

It is the paper above all others in this vicinity in which to Advertise "Wants," "To Let," "For Sale," and similar advertisements.
